ent: 2015-09-09 @ 11:18

Case: HY411806

Author: 2044

About this investigation:

The Chicago Police Department is seeking assistance from all law enforcement and hospital agencies in resolving an on-going death investigation. Over Labor Day weekend, the Department recovered several body parts which appear to be from a child between 18 months and 4 years of age. The recovery was made from the lagoon in Garfield Park, Chicago, IL. All the body parts appear to be from the same victim. At this time, based on several factors, we believe the child to most likely have been African American or bi-racial with short, black hair, suggesting male gender-although female cannot be ruled out. Anyone who may believe that a child from their community is missing under unusual or suspicious circumstances is asked to call and report it.

VICTIM:

Unknown

INVESTIGATION:

While continuing the investigation into the death and dismemberment of Kyrian Knox (HY-411806), the Reporting Detectives developed information that the missing body parts of the victim may have been secreted in the buildings located at 3918 and 3926 W. Grenshaw. On 31-Jul-2017, the Reporting Detective presented two warrants to search and seize the vacant buildings at 3918 and 3926 W. Grenshaw. Judge Luckman reviewed the warrants and signed both warrants. On 31-Jul-2017, the Reporting Detectives executed both warrants with the assistance of K9 Officer Poremba #4323 and her cadaver dog "Brix". "Brix" made three indications while searching 3926 W. Grenshaw. Cadaver dog "Brix" did not make any indications in 3918 W. Grenshaw.

On 01-Aug-2017, the Reporting Detectives had the back yard of the building cleared by Streets and Sanitation following which the area where "Brix" had provided a positive indicator the day prior was then searched. The Reporting Detective recovered several items that appeared to be bones at which time the Medical Examiner was notified. As a result of the discovery, a report number of JA-373893 was obtained to document the suspect human bone recovery. Medical Examiner Keefe #74 and Doctor Escobar responded to the scene and recommended the apparent bones be brought into the Medical Examiners Officer for further analysis.

On 07-Aug-2017 at approximately 1000 hours, the Reporting Detectives delivered the suspect bones to the Medical Examiner's Office at which time Investigator Keefe and Doctor Escobar accepted the bones and created an additional ME number of 2017-03654. Doctor Escobar explained that the case would be turned over to Doctor Arunkumar for further analysis.

On 08-Aug-2017, the Reporting Detective was informed that the recovered bones were not from a human.

Due to the above investigation the Reporting Detective requests the above Death Investigation case be placed in an Unfounded status.
